44" X 24" X 6"

44" X 24" X 10"

Custom sizes available depending on quantity

PILLOW PROTECTION

Foam pipe pillows are designed to support fully loaded pipelines and protect the coating from the rocky trench bottom or sides

Manufactured in Canada, the high-quality BASF Polyurethane foam is environmentally friendly but yet durable enough to last the lifetime of the pipeline.

Optional Rock Shield covering available

Density and compressive strength can be specified to meet the most aggressive challenges.

PIPELINE PILLOW ADVANTAGES

- Low COST
- Lightweight – the lightest product on market that offers the same protection
- Easy installation – known as the easiest product to install to save on labour costs
- Low transportation cost
- Stackable to ensure maximum protection

Pipeline Pillow Thickness [Inch] vs Pipe weight [lbs]
